What is Gratitude? As it often happens in academia, Gratitude has a different meaning within positive psychology than what it means in everyday life.

### **What is Gratitude and What Is Its Role in Positive Psychology?**

Psychology is the science of behavior and mind, including conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope and diverse interests that, when taken together, seek an understanding of the emergent properties of brains, and all the variety of epiphenomena they manifest.
